

EDUCATION

2000 Ph.D., Anthropology, University of Tennessee, Knoxville
1994 M.A., Anthropology, University of Tennessee, Knoxville
1990 B.A., Anthropology, University of Maryland, College Park

SUMMARY QUALIFICATIONS

Dr. Lev-Tov is a Qualified Principal Investigator and Registered Professional Archaeologist with over 7 years of experience in California and neighboring states. In addition, he has over 10 years of experience in the eastern and southeastern U.S., and has participated in archaeological projects in Greece, Israel, and Jordan. He is accepted as a principal investigator for prehistoric and historical archaeology by the California Historic Resources Information System. He has conducted technical studies and prepared cultural resources chapters for CEQA/NEPA compliance documents for public and commercial developments. He has expertise in the archaeology of the western and southeastern United States including research, survey, assessment of impacts/effects, and significance criteria and determinations. He also possesses 30 years of experience in faunal analysis and is widely published.

SELECTED PROJECTS

High Desert Corridor/ SR-138 Widening Project, Caltrans District 7 On-Call (07A3145)/LA Metro, Los Angeles and San Bernardino Counties, CA. Phase II/III testing and data recovery at the three sites that will be directly impacted by the project. Analyzed lithic material. Compliance with Section 106 of the NHPA and CEQA are required. Sub to Parsons Transportation Group. Principal Archaeologist. 2015-ongoing

I-10 Grove Avenue Interchange, Ontario, San Bernardino County, CA. Tasks include archaeological and paleontological records search, historic map search, and NAHC consultation to support preparation of PIR/PER, PMP, HPSR/ASR, and HRER documents. Sub to Parsons Transportation Group. Principal Archaeologist. 2015

Fort Irwin, U.S. Army National Training Center/GSA Region 9, San Bernardino County, CA. Class III Cultural Resources Inventory Survey and National Register Evaluation of Archaeology Sites. Supervising cultural resources inventory of 10,372 acres. Prepared overview of literature, research design and field evaluation guidelines. Tasks involve survey, site recording and site evaluation to Section 106 standards. Testing of at least six sites is anticipated. Principal Archaeologist. 2015

Property One, LLC, Demolition, Redlands. Monitored the demolition of three non-historic buildings and several pavements/foundations of previously demolished buildings located within Redlands' Santa Fe Depot/Chinatown National Register Historic District. Directed mechanical trenching on several of the parcels to check for buried remnants of historic buildings. Analyzed recovered artifacts and applied both the National Register of Historic Places and California Register of Historical Resources criteria of significance to resources discovered within the project area. Authored the letter report of findings sent to the client. Project Director. 2015

U.S. Navy Southwest Facilities and Engineering. Contract to conduct cultural resources investigations on all U.S. Navy Southwest region bases, for a period of five years beginning in Fiscal Year 2015. Participated in the project as author of background chapters on historic and prehistoric contexts of various naval and marine bases, drafted field safety plans for each military base, and analyzed faunal remains, including shell beads, from Naval Weapons Station Seal Beach and Naval Weapons Station Seal Beach Detachment Fallbrook. Senior Faunal Analyst/Project Director. 2015

Blythe Solar, Blythe. An approximately 5,000-acre survey for a solar photovoltaic electrical array on BLM and private lands. Participated briefly as a crew member on the Phase I cultural resources survey. Project Director. 2014

Line 235, Sempra Energy, Barstow. Survey for a natural gas pipeline replacement route between Daggett and Barstow. Participated in the Phase I cultural resources survey on BLM lands as a crew member, then led a crew recording newly discovered or previously recorded sites in the right of way. Researched historical background for historic period sites and authored DPR forms for all sites. Project Director. 2014
