

## EDUCATION

1994 M. S., Anatomy (Evolutionary Morphology), University of Southern California, Los Angeles  
1979 B. S., Anthropology (Physical), University of California, Davis

## EXPERIENCE

Gust is a Qualified Principal Paleontologist and Registered Professional Archaeologist with more than 35 years of experience.

## SELECTED PROJECTS

**Batiquitos Lagoon Double Track, San Diego Association of Governments, San Diego County, CA.** The project proposes to construct a 2.7-mile-long segment of double-track, grade crossing modifications, site improvements (drainage, culverts, utilities), signal modifications and a bridge crossing at Batiquitos Lagoon. Managed cultural and paleontological records search, research, field survey and assessment reports. Sub to HTNB. Co-author of reports. Project Manager. 2013-present

**Purple Line Extension (Westside Subway), Metro/FTA, Los Angeles.** The project involves extension of the subway from Wilshire/Western to the VA Facility in Westwood for 9 miles. Cogstone prepared the supplemental Archaeology and Architectural History Reports and the cultural and paleontological sections of the FEIS/FEIR. Cogstone subsequently prepared the cultural and paleontological mitigation and monitoring plans for the entire project. Currently providing monitoring and all other cultural and paleontological services for Section One of the project. Sub to WEST. Project Manager & Principal Archaeologist/Paleontologist. 2011-present

**Cold Canyon Landfill Expansion, County of San Luis Obispo/Army Corp of Engineers, Arroyo Grande, CA.** Proposed activities required testing and data recovery of a historic-era refuse feature. Prepared treatment plan, managed implementation including lab work and prepared report. Project Manager & Principal Archaeologist. 2016

**High Desert Corridor, Caltrans Districts 7 & 8, Los Angeles and San Bernardino Counties, CA.** The project was a proposed new 63 mile long freeway and rail line from SR 14 in Palmdale to SR 18 in Apple Valley. The documents produced were Historical Properties Survey Report, Archaeological Survey Report, Historical Resources Evaluation Report, Extended Phase I Testing Report for three sites, Extended Phase I and Archaeological Evaluation Report for 20 Phased Sites and one District, Supplemental Historic Properties Survey Report and Archaeological Survey Report, Finding of Effect, Programmatic Agreement, Historic Properties Treatment Plan and combined Paleontological Identification and Evaluation Report. Sub to Parsons Transportation. Project Manager and Principal Archaeologist/Paleontologist. 2013-2015

**Metropole Vaults Replacement Project, Southern California Edison, Avalon, Catalina Island.** The project involved the installation of new electrical vaults on Metropole Avenue. Managed monitoring, recovery of multiple prehistoric burials with artifacts, negotiation with Most Likely Descendent regarding analysis permitted, processing of all materials and report. Helped arrange reburial ceremony attended by Gabrielino/Tongva elders. Prime. Project Manager and Principal Archaeologist. 2014-15

**Historical Sites Preservation, Veterans Affairs Long Beach Healthcare System, Long Beach, Los Angeles County, CA.** The undertaking involved eleven projects, divided into two construction phases for improvements to the campus. Cogstone conducted evaluation of all buildings on campus and determined recommended none were eligible for the National Register and SHPO concurred. One National Register-listed prehistoric archaeological site, the Puvungna Indian Village, is known on the campus. Documents prepared were Evaluation Report, POA, MOA, HPTP with monitoring. Prime. Project Manager and Principal Archaeologist. 2014-15

**Pasadena General Plan EIR, City of Pasadena, CA.** The project was updating the city-wide general plan. Managed assessment work including record searches, Native American consultation, and research and prepared report with programmatic mitigation. Sub to Place Works. Principal Archaeologist and Paleontologist. 2014
